A unique opportunity for those seeking a stylish modern residence or an excellent investment in one of Estepona's most sought-after developments. About Oasis 325 Oasis 325 owes its name to the 325 days of sunshine that Estepona enjoys every year. A figure as spectacular as the landscaped gardens of the residential complex, where the swimming pool occupies a central place, surrounded by lush vegetation and the unmistakable sculptural forms that characterize the project. A unique environment capable of turning every day into a perfect day. The development offers bright and avant-garde 2 and 3-bedroom homes with large terraces and floor-to-ceiling windows. Perfect orientation and expansive glazed surfaces bring the Mediterranean sun to every room, making the living room and panoramic terrace shine with their own light. Among the pools of Oasis 325 is a spectacular spa with indoor pool, as well as a fully equipped gym and a multipurpose hall - all designed to enrich residents' lifestyle. The architecture studio TAU 2000, responsible for Phase II, has seamlessly integrated the new buildings into the original layout, maintaining the landscaping while creating optimal orientation and stunning views throughout the complex.
